

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Petition of land holders must be presented before improvement shall be commenced.

SEC. 2. Before the commissioners of any county shall order any improvement mentioned in the first section of this act, a petition shall be presented to them at any regular or called session, signed by a majority of the land holders resident within said county whose lands will be assessed for the expense of the same, as hereinafter provided, stating the

SEC. 3. It shall be the duty of the said viewers and surveyor or engineer to meet at the time and place specified by said commissioners, and, after taking an oath or affirmation, faithfully and impartially to discharge the duties of their appointments, respectively, shall take to their assistance two suitable persons as chain carriers and one marker, and proceed to view, examine, lay out or straighten, as in their opinion public utility and convenience require, and assess and determine the damages sustained by any person or persons, through whose premises said road is proposed to be laid out, straightened or improved; provided, that such viewers shall not be required to assess damages to any person or persons, except minors, idiots or lunatics, in consequence of the appropriation of any private property for the making of said improvement, unless the owner or owners thereof, or their agents, shall have filed a written application with said viewers giving a description of the premises on which damages are claimed by them; provided further, that all applications for damages shall be barred unless they be presented as above required; provided further, that any person or persons feeling aggrieved by the assessment as aforesaid made, may demand of the commissioners to have the same assessed by a jury, in which case, such claimant may appeal to the probate court of said county, and the same proceedings shall there be had, and like orders and judgments rendered as are provided for appeals by claimants for damages in the act entitled "an act to amend an act entitled an act for opening and regulating roads and highways, passed January 27, A. return of the first report, except that there shall not again be a re-reference to another committee. The final action of the commissioners shall be entered upon their records, together with the report as confirmed showing how the said estimated expense has been apportioned upon the lands ordered to be assessed as aforesaid. After the work shall have been completed, the county auditor, before placing the said assessment upon the duplicate, shall add to or deduct from said estimate pro-rata the amount that the actual expense shall be found to be more or less than the said estimate. The said assessments on lands, under the provisions of this act, shall be placed upon a special duplicate, to be provided by the county auditor, at the expense of the county for that purpose; provided, that the costs and expenses of the preliminary survey, proceedings and report of said improvement, shall be paid out of the county treasury.

Publication of letting.

1. The letting shall be advertised by the warden in two of the newspapers published in Columbus, and one in each of the cities of Cleveland and Cincinnati, once a week for at least four weeks, and by such further notice as the board may direct. 4. Each bid shall specify each article proposed to be manufactured, and the number of square feet of shop room which will be required.

5. Each bid shall be unconditional.

6. The price per day for each convict shall be specified, and if a different price per day is stated for different periods, each period and its price must be so stated, that one may be accepted and the others rejected; provided, that no bid shall be received, nor any contract made, nor shall the labor of

b. As between bids by the same party, one with and the other without the exclusive right to manufacture, the board may accept either.

c. The board may reject all the bids, if they are for less than a fair and reasonable price for the labor bid for, and the board shall not be required, in any case, to apportion the labor advertised among the bidders, or any number of them.

d. Any bid may be rejected, if it is against the interest of the state or the welfare of the convicts, that the articles specified should be manufactured in the prison.

10. When a bid is accepted and labor awarded to the bidder, the directors, on the part of the state, and the bidder, shall enter into a contract in pursuance of the bid; and such bidder shall also procure a bond, to be executed to the satisfaction of the board, conditioned for the faithful performance of the contract on his part, a blank form of which contract and bond shall be deposited and remain with the clerk for inspection during the time of the advertisement.

11. The board may give to a bidder, after he shall have entered into a contract, a reasonable time to procure machinery and make preparations for manufacturing, not exceeding sixty days from the acceptance of the bid.

12. If a contract is made for the exclusive right of manufacturing the articles therein named, all contracts made subsequently by the same party, and within the same period, and for the manufacture of the same articles, or any of them, shall terminate at the same time with the first contract.

13. If any contractor shall not manufacture one or more articles specified in his contract, the board may give him three months' notice to manufacture them, and on failure by the contractor to do so within that period, the right to manufacture them shall cease and determine.

SEC. 22. The convicts shall labor for the contractors an average of ten hours a day during the year, Sundays excepted.

Upon the receipt of such warrant, it shall be the duty of said sheriff to whom it is directed, to execute the same forthwith, and return the same to the probate judge by whom it was issued, and thereupon, the said probate judge shall immediately order such insane or lunatic person to be confined and provided for as directed by the 25th section of an act entitled "an act to provide for the uniform government and better regulation of the lunatic asylums of the state, and the care of idiots and the insane," passed April 7th, 1856, and the sheriff shall receive the same compensation as for transferring a prisoner to the penitentiary, and the auditor of the county shall draw an order upon the county treasurer for the amount.

All notes deposited with any mutual insurance company at the time of its organization, as provided in section three, shall remain as security for all losses and claims until the accumulation of the profits, invested as required by the sixth section of this act, shall equal the amount of cash capital required to be possessed by stock companies organized under this act, the liability of each note decreasing proportionately as the profits are accumulated; but any note which may have been deposited with any mutual insurance company subsequent to its organization, in addition to the cash premium on any insurance effected with such company, may, at the expiration of the time of such insurance, be relinquished and given up to the maker thereof, or his representatives, upon his paying his proportion of losses and expenses which may have accrued thereon during such term. The directors or trustees of any such company shall have the right to determine the amount of the note to be given in addition to the cash premium by any person insured in such company; but in no case shall the note be more than five times the whole amount of the cash premium. The directors shall, as often as they deem necessary, after receiving notice of any loss or damage by fire sustained by any member, and ascertaining the same, or after the rendition of any judgment against said company for loss or damage, settle and determine the sums to be paid by the several members thereof as their respective portion of such loss, and publish the same in such manner as they shall see fit, or as the by-laws shall have prescribed; and the sum to be paid by each member shall always be in proportion to the original amount of his deposit note or notes, and shall be paid to the officers of the company within thirty days next after the publication of said notice. And if any member shall, for the space of thirty days after the publication of said notice, and after personal demand for payment shall have been made, neglect or refuse to pay the sum assessed upon him as his proportion of any loss as aforesaid, in such case the directors may sue for and recover the whole amount of his deposit note or notes, with cost of suit; but execution shall only issue for assessments and costs as they accrue, and every such execution shall be accompanied by a list of losses for which the assessment is made. If the whole amount of deposit notes shall be insufficient to pay the loss occasioned by any fire or fires, in such case the sufferers insured by the said company shall receive, towards making good their respective losses, a proportional share of the whole amount of said notes, according to the sums by them respectively in-

Manner of letting.

1. The letting shall be advertised by the warden in two of the newspapers published in Columbus, and one in each of the cities of Cleveland and Cincinnati, once a week for at least four weeks, and by such further notice as the board may direct. The advertisement shall specify the number of men to be let, the length of time, which shall not exceed five years, and the last day on which bids will be received.

3. Each bidder may separately state in his bid what he will give for the labor bid for, with and without the exclusive right to manufacture the articles specified.

4. Each bid shall specify each article proposed to be manufactured, and the number of square feet of shop room, which will be required.

5. Each bid shall be unconditional.

6. The price per day for each convict shall be specified, and if a different price per day is stated for different periods, each period and its price must be so stated, that one may be accepted and the others rejected; provided, that no bid shall be received, nor any contract made, nor shall the labor of said convicts, excepting always the labor of females, cripples, minors, and those disabled by disease or old age, be temporarily hired at a less rate than seventy cents per day.

b. As between bids by the same party, one with and the other without the exclusive right to manufacture, the board may accept either.

c. The board may reject all the bids, if they are for less than a fair and reasonable price for the labor bid for, and the board shall not be required, in any case, to apportion the labor advertised among the bidders, or any number of them.

d. Any bid may be rejected, if it is against the interest of the state or the welfare of the convicts, that the articles specified should be manufactured in the prison.

10. When a bid is accepted and labor is awarded to the bidder, the directors, on the part of the state, and the bidder, shall enter into a contract in pursuance of the bid; and such bidder shall also procure a bond, to be executed to the satisfaction of the board, conditioned for the faithful performance of the contract on his part, a blank form of which contract and bond shall be deposited and remain with the clerk for inspection during the time of the advertisement.
